

**Policy No: 415**

**Description of Policy: Parking and Cars**

**Date of Board Approval: 5-17-2011**

**Date of Last Change/Modification: 5-9-2011**

**Parking and Cars Policy Statement:**

1. Students in Grades 9-12 are allowed to have cars at the school but are not permitted to return to them during school hours.
2. Students who have a drivers' license and will drive to school on a regular basis (at least 3 days/week) will be allowed to purchase a parking permit for \$10.00. No student will be able to purchase a parking permit until they can provide a copy of their drivers' license to the school.
3. Students will be required to fill out an application from the website. The application should be filled out and returned to the school before registration. Students' parking space will be randomly selected from the applications received. Parking spaces will be determined by grade and availability.
4. Due to the fact that longer vehicles are being driven to school, the application will include the Make and Model of the vehicle, so we can accommodate them as well.
5. Parking overflow will be assigned to spaces behind the school. No student will be allowed to park in the immediate front of the school. They must park in an assigned numbered space.
6. Students are not permitted to drive by the elementary wing of the school during school hours, including the hour before and the hour after school.
7. Students are asked to drive slowly on campus since we have small children who may not be watching for cars.
8. Driving and parking privileges may be revoked if rules are not followed as stated in the Student Handbook.
9. All faculty and staff will be assigned a parking space.
